# WELCOME

## Welcome to Green Hill Farm Holiday Village

### **We're so excited that you have chosen us for your New Forest stay.**

To help you get settled please help yourself to the complimentary New Forest Tea and BoMo Coffee or if you'd like something a little stronger, you'll find a bottle of Pig Beer and Prosecco in the fridge. We've sourced most of our products locally and we hope you enjoy them as much as we do. Please check all labels for any allergens.

We hope that you find your accommodation comfy, cosy, and clean and if you require anything please do not hesitate to contact us via text 07860 018938 - this text service is available from 8:30am-5:30pm daily.

To get yourself into holiday mode, please be sure to read all the information. We've included great days out, local information and park information.

### **Park shop**

Our park shop is open daily from 8:30am-5:30pm (open until 7/8pm on check in days) We stock all your daily essentials including milk, eggs, vegetables, meats and more! You can order fresh bread, breakfast pastries and baps. Orders for fresh bread and bakery items must be made by 5pm the day before to ensure a 9am collection. Breakfast baps and all other bakery items also served on the day from 9:00 until 11:30.

### **Leisure and ranger activities**

There's so much to do at Green Hill Farm Holiday Village to keep all the family entertained. Perfect your score in archery or take a tour around park on a segway. We have a variety of exciting events and activities to get the whole family moving. Activities are bookable so please book early to avoid disappointment- see your park guide for the QR code to book or refer to your pre arrival email.

### **Ember Pizzeria and Bar**

Join us on the covered decking for some amazing food and drink. We have something for everyone. Wood Fired Pizza, bucket fries and much more including veggie options.

We have created an order and pay QR code to help make sure your holiday is as hassle free as possible. Scan the QR code and you can order your food and drinks straight to your table or click and collect.

Join us every evening from dusk to enjoy our communal campfire- don't worry if you've forgotten your marshmallows as we sell jumbo ones from Ember!

We hope you have an amazing stay with us.

Ross and the Green Hill Team x

# NEW FOREST CODE

## Nine steps of the New Forest Code:

1. Keep your distance from the animals – don't feed or touch them
2. Take home litter and dog waste
3. No fires or barbecues
4. Keep dogs under control. Don't let dogs approach or chase any animals
5. Park only in car parks
6. No wild camping
7. Stick to the permitted cycle tracks
8. Drive with care – animals on the road!
9. Help wildlife by keeping to the main tracks.

# EQUIPMENT INSTRUCTIONS

We've laid out all the appliance information you need for a hassle-free holiday from day one

Let's help you settle in with no issues.

## Ceiling Heater

1. Press “⏻” to turn the heater on and the screen will display the room temperature.
2. To set the temperature press “set” and then press “^” or “v” to increase or decrease the temperature. Once the desired temperature is set the system will automatically update and return to its normal screen display of the room temperature.
3. Press “⏻” to turn off the device.

### PRODUCT CONTROL PANEL

## Induction Hob

1. Press the ON/OFF control for 3 seconds. After powering on, the buzzer beeps once, and all displays show “-”, indicating that the induction hob is in standby mode.
2. Place a suitable pan on the cooking zone that you wish to use. Make sure the bottom of the pan and the surface of the cooking zone is clean and dry.
3. According to the heat zone where you have placed the pan- select the key by pressing (key A)
4. Adjust the heat setting by touching the slider regulating control- (key D) If you do not choose a heat setting within a minute then the hob will automatically switch off and you will need to start again at step 1.
5. When you have finished cooking, touch the relevant (key A) that you wish to turn off.
6. Press “-” to decrease the power to 0. Or press the “+” and “-” at the same time and this will decrease to 0 straight away.
7. An “H” symbol will show on surfaces that are not safe to touch - it will disappear once it has cooled down.

### Child Lock

1. Child lock function ON - Press the keylock control for 3 seconds. The timer indicator will show "Lo"
2. Child lock functions OFF - Make sure the hob is on then press and hold the keylock control for a while.

# GREEN HILL FARM WASTE

We continue to take steps to reduce our waste to landfill through;

- Guest education and engagement
- Smart bin store layouts
- Clear bin signage
- Monitoring our waste collection content and volumes
- Setting clear targets as a team to work towards, together
- Measuring our performance against these targets
- Reviewing our park shop retail lines
- Offering free water refill stations
- Food waste schemes
- Free toy lend libraries
- Reduced paper check ins
- Recycling bags in every accommodation (in progress)
- Offering food waste bins behind reception and at Ember

We encourage our guests to recycle when they can- this is why we have multiple bin stores with glass bins, general waste and recycling bins dotted around park. They are on our park map on page 5 with this key- 

There are dog waste bins on every corner of the park. These are not on the map however there is one on the gate of the dog walking field, in Deer Glade, Forest Lakes, by the safari tents and by the Meadows.

We also have a toiletries recycling point located in reception which we advise our guests to use when they can so that we can take our steps to help our environment.

If you struggle finding our bin locations, please ask a member of the team who will be happy to help.

# EMBER INFORMATION

# FIRST B CORP HOLIDAY PARK GROUP

Here at Green Hill Farm, we are passionate about being sustainable. Because we are so passionate, we are now part of the B Corp movement being part of 1,000 companies helping the planet.

When a business becomes a B Corp, as a collective we get bigger, better, bolder and more impactful. Every new addition is further proof that businesses thrive when they act for people and the planet. The first #1000xUKBCorps has brought us a thousand times closer to achieving our vision of creating an inclusive, equitable, and regenerative economy. Together, we're #1000xBetter, and we're just getting started...

The UK B Corp movement has over 50,000 employees in over 58 industries. We can create a much greater impact together, than we can alone — we must use our collective power to create the world we want to see at the urgent speed required in order to meet the challenges of climate and social breakdown. Let's work together to be a force for good.

Our park shop is keen to be as B Corp as possible so most of the products that we sell are from local companies such as our milk, new forest cider, and brook hill Wine. We don't like waste here so any of our products that are no longer needed go to our local food banks or we give them to our guests for free. Our bakery in the shop sells fresh bread and pastries but we do cook to order to reduce waste so please pre-order the day before for any bakery goodies!

# FAQ

## FAQs

### Can I change the temperature on my hot tubs?

Unfortunately not, the hot tub panels are locked and the temperature is set to 38 degrees. When the temperature drops to 37 degrees the power box will initiate and bring the water temperature back up to 38 degrees.

Your hot tub can get warmer depending on the weather conditions, which is why we suggest spending no longer than 20 minutes in the hot tub at any one time.

### What do the buttons on the hot tub panel do?

There are many functions on the hot tub panels, however for your safety these have been locked. You will only be able to check the temperature, "flick" the screen upside down so you can see it from the hot tub. Press the jets button twice for different level of jet power and the lighting for the hot tub.

### Is my hot tub water clean?

On the morning of your arrival day the hot tub team will have emptied, and cleaned your hot. Your water will be fresh and chemically balanced. Your hot tub should be warm enough to use by 3pm on your arrival day.

### Is my water changed regularly?

Due to the hot tubs having a filter system, and a member of the hot tub team coming around daily to balance your water chemically. Providing you shower before using the hot tub, you should not require your water changing during your stay. If you give our team enough notice, (usually 24 hours) we are able to come round and skim the top of the water for you and use our pool hoover to suck out any heavy debris on the floor of your hot tub.

### When can we use the hot tubs?

We have a strict no noise policy across the park between 11pm and 7pm. We request that you do not use the hot tubs between these hours, when the water jets are on you naturally become louder when sitting in the hot tubs.

### How do I use the hot tub lift bar?

Please follow the instructions on the diagram provided for you next to your hot tub.
